### **Global Learning in an Age of Myopic Nationalism**

**Sunday, March 18, 2018 7:00 p.m.**

In a real sense global learning has never been more accessible and yet more threatened in the United States of America. The tenor of nationalism in the current populist chant of "Make America Great Again!" signals a myopic view of U.S. history. Diversity in learning, thinking and problem solving is a key feature of OUR American heritage. The challenge now is to document and carry-out practical demonstrations of how the First Peoples, i.e., Indigenous Peoples, of this land can actually contribute to solutions for major societal problems facing our nation and globe today.

**PROGRAM FREE and OPEN TO THE PUBLIC**

**7:00 p.m., Sunday, March 18, 2018**

**The Olive Tree 2949 N. Rock Road, Wichita**
